West Bengal: The West Bengal Regional Records Survey Committee has been reconstituted with the Director of State Archives as ex-officio Member-Secretary and Convener of the Committee.

5.2.5 Resolutions of the 44th Session held at Bikaner, 21st-22nd February, 1976.

5.2.5.1 Resolution II: To enable the people to appreciate the historical background of our contemporary national efforts towards a new system of land relations, the National Archives, the different State Archives, and the Universities and learned institutions are requested to bring out monographs on relevant subjects, particularly to indicate the evolving pattern of land rights, together with specimens of the different land records at the village level in different parts of the country at different times. The Standing Committee of the Commission is requested to work out a phased programme and to coordinate the countrywide effort.

Delhi: As this Archives Department is not in possession of monographs, the work of publication cannot be taken up. However all necessary assistance will be provided to the research scholars connected with such projects.

West Bengal: The State Archives has at present no such plan for publication.

5.2.5.2 Resolution IV: Keeping in view the great importance of records extant in different Indian languages and in Persian, the Commission recommends the publication of selections from these records in extenso, with translations, annotations and critical introductions, for the convenience of scholars not similar with the old language and scripts in question. The Standing Committee of the Commission is requested to coordinate the programme and to indicate priorities.
